

Cookie Policy

This policy explains how the Two Hat Software Ltd website uses cookies and similar technologies.

Our website does not use cookies

Cookies are small files that a website stores on your device. Similar technologies, such as local storage and tracking pixels, work in much the same way.

Our website does not set any cookies and does not use any similar technologies. We do not use analytics, advertising or social media tracking. Because of this, you will not see a cookie banner when you visit.

Third-party services

Our fonts and images are served from our own website, so your browser does not contact any other company when you load our pages.

Our website links to other sites, such as LinkedIn. If you follow one of those links, the other site's own cookie policy applies.

If this changes

If we ever add cookies or similar technologies that are not strictly necessary, such as analytics, we will update this policy first. We will also ask for your consent before setting them, using a banner that defaults to declined.

More information

Read our [Privacy Notice](#) for how we handle personal data. If you have any questions, email admin@twohatsoftware.co.uk.

This policy took effect on 3 October 2026.
